Commission has established precedent waiving the Form 471 deadline<sup>2</sup> for applications that were filed shortly after the filing window closed. It wasn't until late into the filing window that the school understood they could seek E-rate support on a cabling project they'd have to complete during Funding Year 2017. After better understanding of the availability of funds and Category 2 budgets, the school filed a late FCC Form 470 and followed the proper procurement protocol. While they waited the required 28 days to receive bids, the Form 471 window had passed. As such, we would like to respectfully request a waiver of the filing deadline for this "Out of Window" application so that the school might be able to fully utilize the benefits of the E-rate program this year.

We appreciate your consideration.

Sincerely,
